To P' Win,

I'm honored to work with you, and I'm grateful for your support and the helpful answers you've given to my questions.

You are one of those people that make me feel confident that the BOT can handle any financial instability problem. It's like knowing that even if I were a hedge fund making risky moves that could threaten the country's fin stab., the BOT, with you there, would ensure nothing catastrophic happens.

Lastly, my contact information is in this file. I'm sure we'll have a chance to meet up again. Also, if you come to Ho Chi Minh City, let me know. I live on the top floor this ice cream shop: Scoopy Ice Cream Nguyn Trãi

Sincerely, Man and a few AIs to make this letter sounds fancy

A handwritten signature in black ink that reads "Sithipath". The script is fluid and cursive, with the first letter 'S' being particularly large and stylized.
